

ECLIPSE Series

Your hidden layer of growth

The ECLIPSE is a purpose-built under-canopy LED luminaire engineered for cannabis cultivation. By delivering supplemental light to the shaded lower canopy, ECLIPSE drives more even growth, higher secondary bud development, and greater overall yield consistency.

Optional Accessories

L6-15P Input power and pigtail dimming cable
(1000mm, 3.28ft)

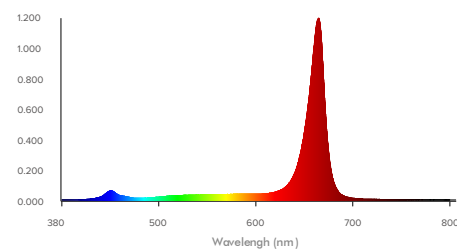

Adjustable Length Stands
(166.5~294.5mm/0.546~0.966ft)

SPECIFICATIONS

Product designation	ECLIPSE
Input Voltage	AC120-277V 50/60Hz
Input Wattage	120W
PPF	425 $\mu\text{mol/s}$
Efficacy at max power	3.6 $\mu\text{mol/J}$
Dimensions	1330*61*73 mm
Dimming Control	0-10V, MyRED controlable
Rated average lifetime	LM90B10 / 50 000hrs
IP rating	IP65
Max ambient temperature	40° (104°F)

0-100% MyRED Control

Input Voltage		Linkable
120-277VAC	120V	7PCS
	230V	13PCS
	240V	14PCS
	277V	16PCS
